THE FORTNIGHTLY Review OF THE CHICAGO DENTAL SOCIETY

NEW!

REVOLUTIONARY!

VACUUM-FIRED

ACRYLIC

RESTORATIONS

AN EXCLUSIVE

PROCESS! (pat. pend.)

NU-DENT is happy to announce a new, revolutionary development—Vacuum-Firing of ACRYLIC restorations.

Now . . . for the first time, it is possible to obtain the advantages of curing under dry heat and vacuum . . . to achieve greater impact strength, greater crushing strength, greater resistance to abrasion . . . plus porcelain-like lustre and beauty in acrylic restorations!

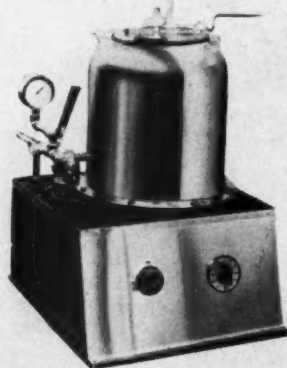

It took 4 years of intensive research . . . 2 years of clinical experimentation . . . to develop NU-DENT'S exclusive Acrylic Vacuum Furnaces and the exclusive technique required. Vacuum-Fired Acrylic Restorations introduce an entirely new esthetic and functional concept in acrylic jackets, veneers, bridges, etc. . . .

- They possess a truly porcelain-like glaze . . . nature-rivalling lustre never before available in such restorations.

- Greater Impact Strength . . . Greater Crushing Strength. Vacuum-Fired Acrylic Restorations possess greater surface hardness. But there is no brittleness, because the sub-surface acrylic is left resilient to absorb stress and sudden shock.

- Greater Color Stability. Under Vacuum-Firing, the release of excess monomer is carefully controlled, thus eliminating color changes and assuring exceptional color stability.

Mail the coupon for detailed information on Vacuum-Fired Acrylic Restorations and on Exelon . . . Nu-Dent's new, completely different opaquing material. Exelon forms a porcelain-like molecular bond to the gold and also to the acrylic. Exelon adheres with amazing tenacity . . . There is no possibility of flaking away or drawing away from the gold.

THE CASE OF DR. BUSY (OR) THE DENTIST WHO DIDN'T EAT LUNCH

3 assistants couldn't have helped poor Dr. Busy, he had so many things to do! It wasn't that he didn't *want* to eat lunch, he just never could take the time.

Then he decided to let Standard do his restorations, with 42 experienced technicians to help him cope with every prosthesis problem.

Now Standard is reflecting Dr. Busy's skill in the highest quality workmanship. Fast delivery, reasonable prices, convenient location please him too.

Here's good advice:
Don't wait as long as Dr. Busy did to give us a call.

NEW SAFETY

NEW COMFORT

NEW CONVENIENCE

...with the **NEW *Carpule*[®]** Disposable
STERILE NEEDLE

Guaranteed sterile—it's as safe as a needle can be. Positive protection from the virus causing hepatitis and other hard-to-kill organisms. Free of protein soil that might cause postoperative reactions. Reduces to an absolute minimum the calculated risk of breakage.

Greater comfort for the patient, too—the new sharp needle causes less trauma, the Huber Dental Point assures optimum accuracy in placement.

As for convenience, nothing has equalled the *Carpule* Disposable Sterile Needle in the local anesthetic field since the introduction of the cartridge itself! Time-saving, effort-saving, money-saving—the latest and most efficient accessory for your operative technic.

News and Announcements

NEW C.D.S. TV SERIES

Because its first series of television programs on Station WTTW, Channel 11, was received with acclaim, the Chicago Dental Society has been awarded a new series on the educational TV station.

Dr. George W. Teuscher, past-President of the society who worked on the development of the original series, may now be seen every Tuesday afternoon in a segment of Totem Club, a special children's program scheduled at 5 p.m.

Appearing with the Dean of the Northwestern Dental School, are the Kent More puppets, Punch and Croc, and the children's approach includes both dental health education and entertainment.

The programs are arranged and produced by the Society's public relations counsel, The Julian J. Jackson Agency.

In a letter to the Agency, Station WTTW's director of programming, Chalmers H. Marquis, Jr., said:

"Please let me take this opportunity to express the appreciation of all of us here at WTTW-Channel 11 for the contribution you have made to our programming. The series YOUR DENTAL HEALTH recently completed has been a very worthwhile addition to our schedule, we believe."

The first series began on October 14th and was originally scheduled for 13 weeks but because of its popularity and impact seven additional programs were seen for a total of 20 consecutive shows.

JUST SAY "NO"

Reports have come to us that an enterprising young lady operating in the general vicinity of Milwaukee and Lawrence has been proving that the attractive theory that talking is easier than working can be proven lucrative. She visited several dental offices and by a convincing rendition of a sad tale of how her mother was ill and needed money for a prescription was able to extract varying sums from various misty-eyed practitioners. Eventually however she encountered a more hardened soul who simply and clearly said, "This is no bank. Scram!" You are earnestly urged to do likewise. You are not obliged to furnish handouts for moochers, plausible or otherwise. That's what the government is for.

O. E. SCOTT TO APPEAR ON C.D.S. RADIO PROGRAM

Dr. O. E. Scott, President-elect of the Chicago Dental Society, will be heard on the Society's radio program "Your Dental Health," on Station WJJD, 1160 on your dial, on Wednesday evening, May 4. Check your newspapers for the exact time of the program.

Dr. Scott was graduated from Northwestern University Dental School and has served organized dentistry in many capacities. He is a member of the Federation Dentaire Internationale, American

(Continued on page 29)

Midwinter Meeting Breakfast Conference Scene

Above is pictured one of the Breakfast Conferences which were an innovation at this year's Midwinter Meeting, showing Dr. Nathan Shore in avid discussion with those who met with him at this particular breakfast.

Dr. Shore expresses his opinion of the breakfast, thusly: "Your breakfast discussion idea is a wonderful one because the barriers between the essayist and the audience are removed and questions and discussion flow a great deal more freely."

The breakfast sessions were in charge of Dr. Robert Kreiner and he is also responsible for the photograph. He reports that all sessions were well attended and well received.

Editorial

It Is Getting Later Than We Think

Just to remind each of us that unless you and I get off the seats of our collective pants and do more than give lip service to keeping our profession strong and dental service in the United States the finest in the world, we may find dentistry being practiced by persons unqualified by educational and scientific background and who fail to meet the high standards of professional qualification. If you think that such is not the case may I suggest that you look toward Northwest U.S.A., in the State of Washington, or to the province of Manitoba, Canada. Here in these areas legislation is being prepared which could affect the practice of dentistry and the dental health of the public in a most adverse manner. Here are the particulars.

In the State of Washington there is a campaign under way to obtain 100,000 signatures to place on the ballot for public referendum the question as to whether "The Public Denturists" (laboratory technicians who feel because of their knowledge in the mechanical phase of prosthetic dentistry they are qualified to render a health service without the prescribed professional training necessary to practice dentistry and examination by a board of dental examiners to pass on those qualifications) shall be permitted to render a health service directly to the public. This procedure is doubly dangerous for it will permit persons unqualified in the health sciences to practice dentistry. It also will by-pass the Board of Dental Examiners as the qualifying body to license persons to practice dentistry. It will wipe out 50 years of progress toward providing the finest in dental health service. Certainly the general public is not qualified to do this job by a ballot referendum. Only the profession can do this.

The second program which is being proposed, although not quite so far-fetched but equally dangerous to good health service, is being promoted in the Province of Manitoba, Canada. You may say that this is no concern of ours but in a very real sense it is, for dental education and licensure in Canada and the United States have been almost identical and there has been complete cooperation between the two professional organizations. The Bill sponsored by the Manitoba Dental Association and recently passed by the legislature has four proposals. The first item would establish a two-year training program which on completion of the required work would permit dental hygienists to take X-rays, intra-oral impressions for dentures, register bite relations, and permit them to repair dentures and add teeth to a denture under supervision of a dentist. The necessary education for training these hygienists would be offered by the Manitoba University Dental School and on completion of the prescribed course the hygienists would be known as Clinical Assistants. Bi-level dentistry is the best you can call it. The second and equally dangerous proposal and one smacking of downright socialism, is one in which the Manitoba Dental Association will undertake to provide denture service to so-called persons of limited income at a fee of 85 dollars for a full upper and lower denture. There is no definite criteria for qualification; therefore, it would be assumed that such service is available to all who apply. To make this absurdly low fee even more absurd is the fact that the Manitoba Dental Association will assume all responsibility for all costs of providing the building, all materials, and staffing the clinic. Beside the inadequacy of the fee it would be the writer's opinion

that the care of the indigent is the responsibility of the welfare department of the state.

The writer would not for one minute forget that the dentist has a responsibility in aiding those less fortunate but he cannot be expected to assume total responsibility for such professional service. A workman is worthy of a fair return for his hire and this is equally true of a professional man who is worthy of an adequate fee for his services. American dentistry has risen to the pinnacle of professional excellence on the basis of fine personal relations between patient and dentist and the desire on the part of the dentist to render the finest professional service for an adequate return so that he can be free from the worry of the wherewithal to provide adequately for his loved ones and provide the best in dental service. This no professional man can do without fair compensation.

The other two proposals were good for better dental health service for they assured the public protection against illegal practice. One was the work order statute making it compulsory for each dentist to provide the laboratory with a written work order; very similar to our recent amendment to the Dental Practice Act. The other was the injunctive procedure against illegal practice of dentistry which makes law enforcement more effective and in which the Chicago Dental Society played so large a role in proving its effectiveness.

On the bright side two items introduced by the denturists to permit them to deal directly with the public were defeated as was a bill to license ethical laboratory technicians.

To add to Canada's dental problems there has been introduced into the Alberta Province legislature, a bill similar in most respects to the Manitoba Bill in providing that the hygienist can practice certain aspects of dentistry already discussed earlier but in addition would permit hygienists working under the supervision of a dentist to fill cavities in teeth in which the cavity preparation has been done by a dentist; again passing on to inadequately trained personnel the practice of dentistry under the guise of providing more dental personnel to meet the ever-increasing demands for dental service. Second-class dentistry is not the answer.

If this isn't enough to get you aroused from your complacency, just look back over the last three sessions of the Illinois legislature and you will find that the denturists were on the march and you can bet your bottom dollar that they will march again.

I can hear you ask, "What can I do?"

You can right now become acquainted with the men in your legislative district by calling on them and explaining fully the dangers to the health of the public which could come from untrained persons practicing dentistry. You can assure these men of your support. You can get out and take an active part in your community elections.

See that every eligible voter in your family votes.

Urge your patients to vote. Keep hammering away at them.

Make it known to the candidates that you are actively and deeply concerned with the affairs of government, local, state, and national, that you are concerned enough to give of your time and money to see that good government comes to pass.

Our forefathers bled and died for the freedom and rights which have been our birthright. All you have to do is give some of your time, money and efforts, be concerned enough to vote yourself, see that your family votes and to take

What goes on!!! The Uptown Dental Forum en masse took over the Oakton Resort and all bedlam tore loose. . . . Carl Sudakoff and Ted Dubrow can take a bow for the wonderful job of arranging all the details. Practice dentistry, I'm sure neither one of them did these last weeks. . . . Art Duxler, Joe (senior) and Mrs. Gordon, Mrs. Ben Solomon, and a gal named Beverly entertained. The home talent was as good as the professional. . . . New officers installed at Oakton are Harry Greene, President; Joe Arnold, Vice-President and program chairman, and Richard Pipia, Secretary-Treasurer. . . . Overheard lots of comments on the Oakton party, "I'm pooped and stuffed but happy." If you have never attended the Forum meetings you are in for a nice treat every Friday from 12:15 to 2:00 p.m. . . . The brothers Dolin report that their new offices at Dempster and Crawford are nice and business is coming along fine. . . . Phil Lubar added another complete operatory and all new equipment; it's just beautiful. . . . Al Mark is quite happy with his building addition, and all rented too. Good luck, Al. . . . Overheard this remark by a fellow after being complimented on his Cha Cha Cha, "I should be good, it cost me \$2,000.00." . . . Jack, Mrs. Block and family stopped in at Oakton for lunch on Sunday; they were in Milwaukee for a Bar Mitzvah. . . . Congratulations to Harold and Mrs. Rabin on their fifth wedding anniversary. . . . Happy birthday to Eli Luber. How many, Eli? . . . Irv. and Debbie Shae-witz had to forego the Oakton week-end because of a Bar Mitzvah; were they ever disappointed; well there's always next year. . . . Thanks to Gordon Ward for his plug of our branch meeting in his North Suburban column, but our date had to be changed to Tues., May 3rd. Please note this change in your appoint-

ment book and be sure to attend our last meeting of the season. . . . Joe and Mrs. Gordon will go to Michigan for their daughter's graduation and then back home to give her hand in marriage. . . . Our daughter became engaged on May 30th and was graduated from University of Illinois Dental Assistants training school on April 8th. . . . Call Bill Semiloff at LO 1-7729 and give him news please.—*Your Pinch-hitting correspondent, Max Chubin.*

Kenwood-Hyde Park

I shall begin this column by first thanking Henry Leib for so ably writing the last one. Just for the record, Henry is a fine fellow and a true friend, and the next columnist whosoever he may be should keep this information at hand. . . . Next I am indebted to Larry Johnson who always has a wealth of gossip ready to be transposed into news in the space. At the last meeting Larry was a combination "Kup", Weitzel, and Lyons. If what immediately follows is slightly inaccurate, call Larry. . . . Ed Schaaf is still biting his little ole fingernails waiting for that baby. . . . Ed Franklin is house or apartment hunting in South Shore. . . . Seymour Yale's brother just graduated from the Illinois College of Dentistry and will soon be associated with Seymour. Incidentally, our famous radiology "boy" had a truly excellent paper just published in the latest issue of the *A.D.A. Journal*. I urge you all to read it carefully. . . . Andy Jordan is moving to his new office and we all wish him the very best of luck. . . . Ed Kozak is getting married soon, and although I never see him at the meetings, I personally wish him great happiness. Maybe after he gets settled down, he will come to the meetings. . . . At the rate Howard Harvey is going, that new red car will not be large enough, and he will need a small truck. Is he up

to Louie Christopher yet? . . . Sid Berg and Harold Black were in St. Louis at the B'nai B'rith bowling tournament. I have no idea how well they did (I wouldn't believe Sid anyway) but rumor has it that Harold had a game of 279. Congratulations. . . . Larry finished his saga by telling me that he will soon be vacationing himself in New Orleans, and stopping at historic Williamsburg en route. . . . It was so nice to welcome a new member to our Branch—Bob Herzberg. He is working hard while Daddy Ben is gallivanting around Europe, showing 'em how we straighten teeth in Chicago. . . . I don't know all the countries Ben is visiting, but I'm certain he is having a great time. . . . Willard Johnson has finally "come clean." Maybe he was too self-conscious to go looking like a beatnik to Sweden this summer, or maybe the President ordered him to shave after he saw him in Washington. Willard was singularly honored by being invited to participate in the recent White House Conference on Children and Youth. He says it was a most informative workshop as well as a fascinating experience, but unfortunately dentistry, and especially pedodontics was not at all represented as it should have been. . . . The Florida trek continues. Jesse Carlton is on the way for fishing and golf. . . . Wayne will spend two weeks at the Bal Harbour sunning and girl watching. . . . Mrs. Hartley is convalescing nicely in Florida, and I am happy to report she is well again. . . . Asher Sherow spent

a few days at the Wagon Wheel in Rockton. The occasion, the annual spring meeting of the Ill. Unit of the American Society of Dentistry for Children. . . . Larry Scheff spent a long long weekend with his two boys in northern Wisconsin at Camp McLean. They tobogganed, and it was lots of fun going down but not so much fun going up. Toward the end Larry was crawling up the hills on his hands and knees. . . . Bob Pinkerton will be going away for a little rest to Arkansas in preparation for writing the next column. Please phone him with your news. I shall be meandering through the Shenandoah and Virginia visiting some Civil War battlefields. By the way, did you know? Grant never "took Richmond". It surrendered only after the war was completely over. . . . Don't forget the May meeting. It promises to be a humdinger. The table clinics for the dentists will be excellent, and the table clinics for the ladies will be unique and beautiful.—Stanley R. Korf, Branch Correspondent.

Northwest Side

Wednesday, June 1st, is that magic day. It's just about one month away, and that will give you plenty of time to brush off any previous or future commitments. Be sure to mark your calendar, Wed., June 1st, for that fabulous evening of good entertainment, good food, good dancing and good fellowship. Fellows, prove to your wives that you are a better

man. For a mere pittance of \$15.00 a couple, she'll put the universe within your reach. And you won't be up too late for daylight-saving time will be in effect. What are we talking about? Why man! Haven't you heard of the famous Annual Ladies' Night and Installation of officers of the Northwest Branch of the Chicago Dental Society? Everybody that's anybody will be at DiLeo's on Wed., June 1st. Make your reservations early by contacting chairman Lee Schwartz at SP 2-8282 or forward a check to him in the amount of \$15.00 to 4000 W. Division. . . . Ben Gillmeister expects and hopes to have Congressman Roman Plucinski at our ladies' night affair. . . . Joe Gillmeister is out of the hospital and has recovered sufficiently to return to the office. . . . Mark Spencer and his wife went to Cedar Rapids over the Easter holidays to visit his 91-year-old mother-in-law. Mark's home was robbed last month. The house was a shambles and the only things missing were money and jewelry. Mark is now a strong supporter of complete insurance coverage. . . . The last monthly branch meeting brought 74 northwesterners together for an evening that fell short of being a good meeting. Through some error on the part of the management the hall was also sold for the evening to some bottled suds purveyors. The quiet decorum of our scientific meeting was frequently submerged by the rowdy strains of "For he's a jolly good fella". May we sincerely apologize to our clinician for the evening? His excellent pres-

entation penetrated the raucous din, for the members remained and listened attentively in spite of the terrific handicap. . . . J. J. Applebaun informs us that the First National Bank has a new question-and-answer booklet on the dental budget plan. Call the consumer credit dept. at the bank and they'll be happy to forward this booklet to you. . . . M. Marshack took the course in periodontia given by the North Side workshop at the Tam-O-Shanter Country Club and he arrived there in his '60 Olds. . . . Norm Balin spent a week end at Oakton Manor with the Uptown Dental Forum listening to R. LeRoy a psychologist and Howard Adilman on a new smear technic for oral cancer. . . . Abe Tamarin will again guest at the NU homecoming on May 4th. . . . We wish to offer our greetings, though belated or premature, to all for a Happy Pesach, Happy Easter, Happy May-day and a very sincere wish for a happy Mother's Day.—V. T. Weclaw, Branch Correspondent.

Englewood

IMPORTANT NOTICE: The regular Englewood May meeting has been moved up to Tuesday, May 3rd and NOT May 10th as the green sticker in your appointment book states. This was done to avoid conflict with the Illinois State Meeting in Rockford on May 11-12-13, featuring Bill Veeck of the White Sox as speaker on sports night. . . . The Englewood Golf Outing will be held June 8th at Glen Eagles C. C. with a special

Early Bird Door Prize for those members purchasing their tickets in advance. . . . With apologies in advance to Karl Richardson (whose library lacks the 11th edition of *Bartlett's Quotations*) and all other sensitive people—a parody entitled, "This will learn ya" or "What's the matter with the rest of you newshounds?"

When I go to a Dental Meetin'
And the boys are all thru eatin'
I listen to all their gripes and views
And jot it down thinking it's news
Then checking my Fortnightly with
care

Only to find Hopkins was there
Thanks to Jaffe, Brooks and Waska too
I parodied one poem for you.

Observations and Gossip: Henry Mathews is sporting a new Cadillac. . . . Roman Michels has gone into the Bass Lake real estate business in a big way. . . . Harry Henderson's wife is out of the hospital. . . . Ed Scanlan checked in for his 48th spring, April 9th. . . . Joe Pavletic has moved into his office at 103rd and Claremont. . . . Bob Straub is in the throes of remodeling his office. . . . John Lace would like to sell his practice so he can devote more time to fishing. . . . Chuck King has moved into his fancy new office at 95th and Sacramento. . . . Bill Benson was seen supporting the usual big cigar and genial disposition. . . . Art Volkman is in the tapering off process of retiring. . . . A. G. Person wants to know why Englewood can't afford a chest mike as a common courtesy to guest speakers. . . . Ben Jostes flew in from Florida arriving just in time for dinner on election night. . . . Romaine Waska was conspicuous by his presence at the April meeting. . . . Louis Tirengel is back on the job after an auto accident. . . . Dave Zasser has retired to Arizona. . . . Jim Green, Sam Rabishaw and Ralph Rudder are back from Florida. . . . Englewood's April meeting was well attended with a record of two hundred twenty four votes cast. Norman Olsen spoke painlessly about pain control. Your officers for the coming year are, President, Robert Tharp; Vice-President, John Manning; Secretary, Lewis Weil; and Treasurer, Ken-

neth Sharpe. . . . Ted Melcarek and his nephew Dick Bosack have been out to vote two years in a row now. Here are a couple of prospects for the Dental Health and Education committee. . . . Romaine Waska would like to thank all of his many friends for cards, calls, visits and everything else . . . and as for me, Thank You, Miss Harvey.—*Lawrence E. Lucas, Branch Correspondent.*

West Suburban

Round Table will meet on Monday, May 2, at the Oak Park Club. Interesting speaker and subject will be featured. . . . L. D. Caulk Company will sponsor a Training and Review Course for Auxiliary Personnel on May 4th and 5th, at the Palmer House from 9:30 a.m. to 4:30 p.m. There will be a luncheon on May 4th from 12 noon to 1:30 p.m. Fee for the course is \$40 for each registrant and the luncheon will be as a guest. . . . The University of Illinois College of Dentistry presents a course in Periodontics in a General Practice on May 4th and 5th. Our own Dr. Charles G. Maurice will supervise the course. Tuition will be \$50. . . . Let's get out to the Illinois State Dental Meeting in Rockford, Illinois on May 11, 12 and 13. Bill Vopata is Clinic Chairman and the theme of the meeting will be Complete Dentistry. On Thursday, May 12th, many of you will enjoy Sports Day and a nice round of golf. See you there, ok? . . . Dan Drake spent two weeks at Jolly Roger Hotel in Ft. Lauderdale, Florida and then planed to Washington, D. C. to attend the 56th Annual Convention of the American Association of Orthodontists. . . . Les Braun purchased a new Chevy Station Wagon and then went fishing. Did the Chevy lure any fish, Les? . . . Last month Gloria Alessio, Bill Aquilino, Marv Blechman, Emil Kern, Anthony Malone, Tony Gargiullo, Frank Lucatorto, and yours truly attended a fine dinner-dance of the Arcolian Dental Arts. . . . Arno Brett is home and doing well. Good boy, Arno, we are so pleased. . . . Harry Thodos played his first round

There is **NOTHING** like the Wig-I-bug for producing smooth, fine-textured mixtures of your favorite alloy

If you are not experiencing the pleasure of using a Wig-I-bug in your office you owe it to yourself, and to your patients, to order one now. Don't take our word for the Wig-I-bug's many advantages — nor your dealer's...ask the dentist down the hall, on the next floor, or on the next street. Get the facts from a fellow dentist. Thousands of Wig-I-bug owners will gladly tell you how much finer their amalgam fillings are . . . how mixes are uniformly better . . . how much time they save. Dentists in private practice, in colleges, clinics and the army and navy recommend the dependability of the Wig-I-bug, its convenience and its real worth.

Use the Wig-I-bug with your preferred amalgam alloy in any form: fillings or pellets.

Available in Biscayne Blue, Jade Green, Washington Coral (Plain, Standard, complete outfits), \$65.50.

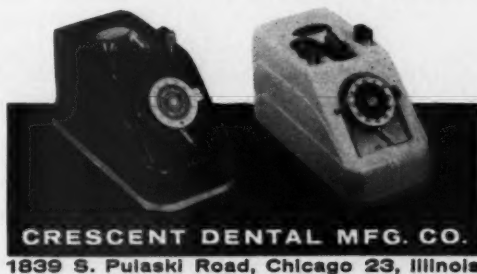

Jade Green Mottled, Biscayne Blue Mottled (Unbreakable, complete outfits), \$70.50.

Ivory White, \$60.50. Pure White (for limited time only), \$60.50. Beautiful Black, \$55.50.

*

Mr. Wiggly is getting around! Originally designed for display purposes, this lively, colorful, 5-inch doll is now in great demand by dentists for their offices, homes, friends and children. We ordered a limited supply which will be available thru dealers while they last, in handy mailing tubes, at \$1.00 each.

For complete details see your dealer

of golf for the year and shot an 85. Wait till he grooves that swing. Wow! He will be ready for us on our golf outing June 1, at Glendale. Don't forget that outing, fellows. . . . Howard Buchner journeyed to Canada last month. . . . Ed Moore is ready for the hot, humid weather. He purchased a new Pontiac with air-conditioning. Will test the car on a 7000-mile journey next month. . . . Bob McDonald is now a Captain in the Navy Reserve. Congrats, Robert. . . . Bill Rogers, Frank Salem, Lyle McDonald, Robert McDonald, Bob Price, Phil Long, and Frank Biedka attended a meeting of the Illinois Academy of Dental Practice Administration in Peoria, Illinois. . . . Bud Cornwell spent a week in Washington, D. C. with his son. . . . Al Ryan is very proud of his nephew Bob Newhart who is making a niche for himself in comedy. Move over, Mort Sahl. . . . Ronald Gresens will join that great fraternity of the ball-and-chain on May 14. Happy Lohengrin to you, Ronald, and the best to Werner and Mrs. Gresens, the proud parents. . . . Perry Dontist states that, "Modesty is the feeling that others are sure to discover how wonderful you are." . . . So long.—*D. J. Catrambone, Branch Correspondent.*

North Suburban

In a festive pre-Easter affair, our group took off to Rolling-on-the-Green, Country Club of the same name, to finish off our series of five winter meetings of the '59-'60 season. Seventy couples, mostly husbands and wives, made up the 140 individuals who frolicked at this jamboree on 12 April 1960. In the spirit of the time, Dr. Nelson of Woodstock discussed a trip through the Holy Land. To completely wrap this up as a thoroughly enjoyable evening, it was later learned that it had all been a tremendous success financially! President-Elect of the CDS, James Lynch, performed the installation ceremony which resulted in the following slate: President: Axel Pedersen; Pres.-Elect: Charles Shaner; Vice-

President: Wm. A. Meek; Secretary: Paul Bass; Treasurer: Grant MacLean. And so, Dear Members, "lots a luck!" . . . It was announced the North Suburban Branch golf outing would be held at the Wilmette Golf Club on the seventh of June. Any ?'s call Art Freeman. . . . Three new members were welcomed into the crease: Duane L. Hasselbring, Michael Heuer, and Wm. Revenaugh. . . . Dr. Wilbur Scott Smith, Le Dentiste d'Old Orchard, is convalescing after some heroic surgical procedures performed in mid-March. While hospitalized, Bill was picking up as much pin money as possible through gin rummy games with visitors, nurses, etc. It was not known whether Blue Cross would share the losses or the Bureau of Infernal Revenaugh the wins in these games. In either case, get completely well, Bill! . . . Welcome to Earl Lux, North Side's loss, our gain. . . . The Illinois unit of the American Society of Dentistry for Children met at the Wagon Wheel in Rockton on April 5 and 6. Members in attendance: Jane Selbe, Ronald Rothenberg, and Jean Ruddy, all of Skokie; Hal Altman, Highland Park; and Ed Sherwood of Libertyville. . . . The Lake County Dental Society is sponsoring an evening for dental assistants and hygienists on May second featuring speakers from Midwest Business Consultants. All are invited to attend. . . . Dates of forthcoming golf outings: North Suburban—7 June, Wilmette; Lake County—odd this should be Bastille Day, 14 July, it's for the wives, too (Glen Flora); and then back to the Wilmette course for the Evanston Association of Dentists on July 20th. If you'll all can find the time, drop into your offices.—*Assistant Branch Correspondent.*

The Improved NOBIL • HINGE

- *Relieves stress* • *Protects abutment teeth*
- *Provides greater comfort*
- *Assures cleanliness* • *Increases service life*

When you have a free-end saddle partial to construct, prescribe the Nobil-Hinge to your preferred laboratory.

Your prescription of the improved Nobil-Hinge in free-end saddle cases not only assures the controlled movement of the appliance in oral use, and the resulting minimization of stress on abutment teeth... but also the *complete elimination of seepage. This means cleanliness at all times and avoidance of denture odors.*

The Nobil-Hinge is placed in the most ideal position: as closely to the ridge and the clasped tooth as possible. The acrylic saddle rotates on the axis of the hinge without obstruction. Due to its compact size and design, the hinge does not interfere with the setting of teeth. The hinge becomes a part of the casting. There are no protrusions to create pockets, no spaces for food to pack into.

an active part in giving to your children the kind of government our fathers gave to us. Protection of the health and welfare of the public is your greatest responsibility.

So Get Off the Seat of Your Pants and Assume That Responsibility!

A united dental profession pledged to render the finest in dental service, to protect the health and welfare of the public from untrained and unqualified persons practicing dentistry, and pledged to keep American dentistry the finest in the world and free from socialistic schemes, is our only assurance of a brighter and better tomorrow. You are a vital member of that profession. We are depending on you to make that tomorrow brighter and better.

Fair Play in Reporting

The writer should probably let the matter pass as unworthy of comment but in the interest of honest reporting and fairness I am prompted to write. Shortly after Secretary Benson's appearance at the First General Session of the Mid-winter Meeting there appeared in one of our metropolitan papers some remarks which reflected on the Secretary and which failed to correspond to the high regard and enthusiastic reception accorded him. In order to correct the false impression conveyed by that article a letter was sent to the managing editor of the newspaper who graciously printed it and expressed regret over the incident. This we accepted in good faith and considered the matter closed.

Weeks later there appeared in Drew Pearson's syndicated column similar disparaging remarks without basis in fact. Dr. Harold Hayes, our President, was supposed to have met the Secretary at the airport and then was supposedly asked to shine the Secretary's shoes. The writer was the only representative of the Chicago Dental Society who met Secretary Benson and escorted him to his room in the Conrad Hilton Hotel where I left him in the hands of our press representatives who had arranged a press conference. At 7:45 Mr. Secretary Benson came to the dining room where Dr. Hayes was presiding at a dinner for our honored guests and the Board of Directors and their wives. It was there that Dr. Hayes met Mr. Benson for the first time. Mr. Benson met all of the guests and we then proceeded to the Grand Ballroom of the Conrad Hilton Hotel for the program of the evening. Here the Secretary delivered an address which was a real challenge and inspiration, and was given a thunderous ovation by the same 1200 persons representing dentists and their wives from the entire United States.

After receiving the personal handshake of hundreds of those present and the personal expression of gratitude from President Hayes, it was the writer's privilege to escort Secretary Benson to his quarters which he occupied on the 24th floor with his aide, Mr. Bert Tolefson. After making the arrangements for Secretary Benson's departure by air the following morning I left Mr. Benson and his aide. Again in Mr. Pearson's remarks he had Mr. Rock as his aide, while in fact it was Mr. Tolefson.

It has been the writer's opinion that factual reporting is basic to good reporting and it certainly is a pathetic state of affairs when dedicated people are belittled and reflected on.

IS SAFER FOR TENDER GINGIVAE

*Exclusive "Rounded Trim"
cleans, massages gently*

Here is a completely new concept in toothbrush design. Dr. Butler's G-U-M brush is more tolerable to soft tissues than other "periodontal" brushes because the sharp edge characteristic of all straight-trim brushes has been eliminated by *rounding off the edges*. The brush of choice for effective, safe cleansing and massage, for any patient with sensitive gingivae.

*Write for free sample (specifying natural or nylon)
on your professional letterhead to: Dept. F-5*

(Continued from page 9)

Denture Society, Odontographic Society and the Evanston Dental Association. He has held many offices in the North Suburban branch of the Chicago Dental Society as well as the Society. He is on the Committee on Group Dental Health Care of the Illinois State Dental Society.

The WJJD series is heard on the first Wednesday of each month and the time is contributed by the station in the public service.

I.D.H.A. MAY MEETING

The Illinois Dental Hygienists Association will hold its next meeting on Thursday, May 12th, at Younker's Restaurant. A Second Annual Guest Night is planned.—*Viola Johnson, Publicity Chairman.*

DINNER TO HONOR GEORGE TEUSCHER

Plans are well underway for the testimonial dinner for Dr. George W. Teuscher, immediate past-President of the Chicago Dental Society. It will take place on June 6th at the University Club, Monroe and Michigan Avenues. Dinner will be served promptly at 7:00 p.m., following a fellowship hour from 6:00 to 7:00. Tickets for the affair can be had from the following men: Norman Olsen, Robert Humphrey, Walter Dundon, Paul Kanchier, Donald Wise, and Elmer Ebert. Don Wise is Chairman of the Ticket

Committee and may be reached at CE 6-8520; Elmer Ebert at SO 8-1823; or phone any one of the other men on the Committee.

INTERPROFESSIONAL COUNCIL ANNOUNCES AWARD

The Distinguished Service Award for 1959-60 has been presented by the Illinois Interprofessional Council to Dr. John G. Hardenbergh, Executive Secretary of the American Veterinary Medical Association from 1941 to 1958. The presentation took place on Saturday, April 30th, at the Swedish Club, 1258 N. LaSalle Street.

After his many years of dedicated service, Dr. Hardenbergh has retired with its attendant great loss to veterinary medicine and to other professions which have been influenced by his great work.

The allied professions of the Interprofessional Council congratulate Dr. Hardenbergh on his recognition and wish for him many years of happy retirement.

ATTENTION! STUDY CLUB OFFICERS AND LEADERS

From time to time inquiry is made of the Central Office regarding study clubs affiliated with dentistry—the number about which the office knows is limited so it was felt desirable to prepare a list of all those study clubs so that the office could better serve those who inquire. If the secretary or president would forward to the Chicago Dental Society the name,

U. OF I. COURSES IN ORAL SURGERY

The College of Dentistry of the University of Illinois is accepting applications for two and three-year full-time courses in oral surgery beginning in July, 1960. Both programs carry credit toward a Master of Science degree.

Further information can be obtained from Dr. Daniel M. Laskin, University of Illinois, 808 S. Wood St., Chicago 12, Illinois.

WISCONSIN MEETING

Members of the Chicago Dental Society are invited to attend the 90th Annual Meeting of the Wisconsin State Dental Society, to be held at the Auditorium, Milwaukee, Wis., Monday, May 9 through Wednesday, May 11.

Among the essayists who will appear on the program are Drs. J. A. Anderson, Chicago; S. T. Dohrman, Great Falls, Mont.; R. J. Gores, Rochester, Minn.; H. L. Harris, Denver, Col.; P. H. Jeserich, Ann Arbor, Mich.; G. M. Kramer, Lynn, Mass.; H. J. Lee, Milwaukee; M. H. Mortonson, Jr., Milwaukee; Theodore Mortonson, Milwaukee; C. I. Persch-

bacher, Appleton, Wis.; H. F. Roepke, Milwaukee; R. J. Samp, Madison, Wis.; and W. G. F. Schmidt, Chicago.

The meeting will open with a session of Table Clinics at 10 a.m. on Monday; Dr. P. H. Jeserich, President of the American Dental Association, will address the members at 1:15 p.m., also on Monday. A program of 12 study courses has been arranged in addition to the essays, and technical motion pictures will be screened throughout the meeting. Another session of table clinics at 1:30 p.m. on Wednesday will close the meeting.

The Schroeder Hotel, Milwaukee, will be the headquarters hotel, and those who plan to attend the Wisconsin Meeting are urged to make arrangements directly with the hotel of their choice at an early date. Further information may be obtained by writing Mr. Kenneth F. Crane, Executive Secretary, 704 W. Wisconsin Avenue, Milwaukee 3, Wisconsin.

I.D.A.A. WILL MEET IN ROCKFORD

The Illinois Dental Assistants Association will meet May 11, 12 and 13 at the Hotel LaFayette, Rockford, Illinois, for its annual spring meeting. There will be an interesting program of essays and clinics covering all phases of dental assisting. A meeting of the House of Delegates and election of officers will take place, with President Maurine Wheeler presiding. A number of social activities have also been planned. Miss Harriet Turner, Secretary, extends a very cordial invitation on behalf of the Association.

INSTITUTE ON HOSPITAL DENTAL SERVICE

Dentists interested in learning more about dental care in hospitals are invited to attend the fourth annual Institute on Hospital Dental Service to be held May 16th to 19th at the Henry Grady Hotel in Atlanta, Georgia.

Among the subjects on the program will be the responsibility for patient care, the importance of oral tissue in the early

detection of systemic disease, essentials of dentistry in nurse education programs, and effects of group payment plans on hospital dental service.

In addition, there will be an opportunity to review a dental service program in action at the Henry Grady Hospital in Atlanta.

The Institute is being conducted by the American Hospital Association in cooperation with the American Dental Association. Members of the dental and medical staffs of hospitals and hospital administrators will be among those in attendance.

Further information may be obtained from the Association's Council on Hospital Dental Service, 222 E. Superior St., Chicago 11, Illinois.

U. OF I. ALUMNI COCKTAIL PARTY

The Alumni Association of the University of Illinois College of Dentistry will hold its second annual cocktail party during the May meeting of the Illinois State Dental Society in Rockford.

The cocktail party will take place from 4:00 to 5:30 p.m. in the Winnebago Room of the Faust Hotel on Wednesday, May 11. All alumni and guests are invited.

Chairman of this event is Dr. Robert Stitzel. For further information contact him at 1704 N. Main St., Rockford.

COMBINED JEWISH APPEAL DINNER

The Dental Division of the Combined Jewish Appeal will hold its annual dinner on Wednesday evening, May 11th, at the Covenant Club. An outstanding musical program is being arranged and Mr. Bernard Cherrick, Director of Organization and Information of the Hebrew University of Jerusalem, will be the guest speaker.

All those desiring to attend should contact Dr. Bernard Spiro, 55 E. Washington St., Chicago; telephone CEntrol 6-5650.

THE MARCH OF ETHICS

Launching of the National Training and Certification Programs for Dental Technicians

In March, 1958 the National Training and Certification Programs for Dental Technicians came into effect at Washington, D. C. These two programs, designed to bring about the highest possible standards in the dental laboratory craft, were approved by both the American Dental Association and the National Association of Dental Laboratories. These programs include a thorough revision of the educational standards for dental laboratory technicians—designed to encourage a large number of qualified young persons to enter the craft—and for the certification of individuals as qualified dental laboratory technicians on the basis of their demonstrated competence.

These programs, we believe, will put a higher standard of dental laboratory technology beyond the reach of illegal practioners.

We, the undersigned, pledge to maintain and, where necessary, strive to improve the standard of dental laboratory ethics, and to support the profession in their stand against malpractices.

DEEONE

SOFT—type "A" inlay casting gold, 65 Brinell — used where a soft gold is indicated, especially gingival and one-surface inlays.

DEEFOUR

EXTRA HARD — A superior gold for cast partials, bridge abutments, Chayes, bite raising cases, thin castings and other uses where extra hardness up to 249 Brinell is desirable.

DEETWO

MEDIUM — type "B" inlay casting gold 100 to 105 Brinell—the right alloy for average inlays and fixed bridge work subject to light stresses.

DEESIX

HARD—type "C" inlay casting gold 128 to 189 Brinell—heat treats readily — excellent for 3/4 crowns and cast crowns, Carmichaels, M.O.D., fixed bridges, etc.

You're "in clover" when you use
DEE GOLD

Your work is made easier and results are bound to be better, because each DEE GOLD composition has the special properties that ideally suit it for the particular uses for which it was developed—also, because every pennyweight of each composition is always the same. The "DEE GOLD FOLDER" lists the different alloys with their physical properties and recommended uses. A copy is yours for the asking.
